

Missouri Environmental Quality Incentives Program (EQIP) 2009 Animal Waste Application Data Form

Applicant(s): _____ **Date:** _____

Address: _____

Farm Number: _____ **Tract Number:** _____ **Acres in Application:** _____

LRF: _____ **Beginning Farmer:** _____ **Socially Disadvantaged:** _____ **Livestock Type:** _____

Answer each question below, considering conservation practices planned to receive EQIP financial assistance. All applicants must sign a CPA-1200 in addition to this form to be considered for EQIP funding.

NRCS National Conservation Priorities

1	Will the treatment you intend to implement using EQIP result in a considerable reduction of non-point source pollution, such as nutrients, sediment, pesticides, excess salinity in impaired watersheds with total maximum daily loads (TMDLs) where available, groundwater contamination or point sources such as contamination from confined animal feeding operations?	Yes	No
2	Will the treatment you intend to implement for water conservation or irrigation efficiency using EQIP result in a considerable reduction in water use?	Yes	No
3	Will the treatment you intend to implement using EQIP result in a considerable reduction of emissions, such as particulate matter, nitrogen oxides (NOx), volatile organic compounds, and ozone precursors and depleters that contribute to air quality impairment violations of National Ambient Air Quality Standards?	Yes	No
4	Will the treatment you intend to implement using EQIP result in a considerable reduction in soil erosion and sedimentation from unacceptable levels on agricultural land?	Yes	No
5	Will the treatment you intend to implement using EQIP result in a considerable increase in the promotion of at-risk species habitat conservation?	Yes	No
6	Will the treatment that you intend to implement using EQIP result in considerable benefits to residue management, nutrient management, air quality management, invasive species management, pollinator habitat, and animal carcass management technology or pest management?	Yes	No
7	Will the treatment that you intend to implement using EQIP result in energy conservation benefits?	Yes	No

Missouri State Issues

8	EQIP planned practice(s) on offered cropland acres include a conservation practice(s) that will reduce sheet and/or rill soil erosion from the existing condition on 50 percent or more of the eligible cropland acres.	Yes	No
9	EQIP planned practice(s) on offered cropland acres include Nutrient Management on 50 percent or more of the eligible offered cropland acres OR EQIP planned practice(s) on offered cropland acres include installing Field Borders on 50 percent or more of the eligible offered cropland fields.	Yes	No
10	Offered acres are in a watershed of a 303(d) listed stream OR in the watershed of a public drinking water supply reservoir, AND at least one EQIP planned practice addresses the water quality concern in the identified watershed area.	Yes	No
11	EQIP planned practice(s) address basic habitat requirements of bobwhite quail on 50 percent or more of the eligible offered acres OR EQIP planned practice(s) benefit a federal threatened or endangered species or a state rare species.	Yes	No
12	EQIP planned practice(s) will provide habitat for native pollinators on 10 percent or more of the eligible offered acres.	Yes	No

Missouri Environmental Quality Incentives Program (EQIP) 2009 Animal Waste Application Data Form

Local Issues

13	Application is on an existing livestock operation that has a score of 1.5 or less on Missouri's "Animal Manure Management Facilities Risk Assessment" screening tool worksheet.	Yes	No
14	Application includes practices using EQIP dollars to increase the on-farm waste storage capacity for the existing operation to at least six months but no more than twelve months.	Yes	No
15	Application includes EQIP planned practices to close all existing waste impoundments no longer used.	Yes	No
16	Application includes a resource concern(s) subject to Local, County, State, or Federal Regulation.	Yes	No
17	Application includes planned improvements to an existing animal management system, not covered under 2 or 3 above in 'Animal Waste Issues'.	Yes	No
